

San Bernardino Freeway (I-10) High Occupancy Vehicle Lane Project

Ramp Closure as Part of 10 HOV Construction Project

Eastbound I-10 Citrus Street Long-Term Ramp Closure

West Covina – The California Department of Transportation (Caltrans) has closed the eastbound San Bernardino Freeway (I-10) **Citrus Street on-ramp** as part of the High Occupancy Vehicle lane construction project. Motorists attempting to access I-10 may experience delays and are encouraged to use alternate routes. The ramp closure will remain in effect through April 2018.

Detour signs will be posted. Guy F. Atkinson Construction, LLC. is the contractor of this \$195 million project, which will add an HOV lane in each direction of I-10 between Citrus Street and SR-57. This is the final of three projects that upon completion will offer one continuous HOV lane from downtown Los Angeles to San Bernardino County.

For real time freeway traffic information please visit the Caltrans Quickmap, quickmap.dot.ca.gov

Caltrans thanks you for patience and understanding during construction and reminds you to “**Be Work Zone Alert.**”
